FOR NEW CITIZENS

Dear fellow citizens, WELCOME TO
CASALECCHIO DI RENO!

My name is Massimo Bosso and as of today,
I am your Mayor.

It is an honour for me to welcome you to our town as new residents. We wish to offer you, as a first welcoming gesture, this small box. Here, you will find plenty of information about our city. Opportunities for tourism, culture, and sport, information on our parks and on the environment, an illustration of school and social services, chances to volunteer, and contacts for our Municipality. I am sure you will fall in love with Casalecchio di Reno: a supportive, welcoming, and lively city, full of opportunities for families and social occasions. My advice to you is to live it to its fullest, visiting the city places and natural beauties. In short... Have a good life in Casalecchio!

There's little doubt the beauty of the city depends on the quantity, quality, and care of its parks and green areas. Casalecchio fears no comparison! 250 hectares of parks and gardens: 69.3 square metres of green space per inhabitant to experience and live.

Casalecchio is also an animal-friendly city, with 7 dog-walking areas. But respect for nature and our planet also requires the commitment of each of us for a sustainable waste collection. In Casalecchio di Reno, the door-to-door separate waste collection system is in force: every new resident is given a kit of waste bags and detailed instructions on collection days and times. Everyone must do his duty to respect Casalecchio and make it even more beautiful and welcoming.
